INFORMATION FOR INTERESTED AND PARTICIPATING HORSE SHOWS

Interested shows must contact us within 30 days of their event, so that they can be added to the competition calendar and marketed.

All shows are welcome to offer qualifying events - USEF shows and approved unrated competitions. We do not have any area restrictions.

Participating shows must offer at least 1/2 of the sections in the program. See above for a list of classes! Classes may be held as a part of a division. For example, HHF runs the TB hunter qualifying classes in concurrence with the TB division, and the 5 and under hunter qualifiers in concurrence with the baby green division.

In the interest of time scheduling, the flat and conformation phases are NOT required at qualifying events.

\$5 per entry at qualifying shows will go to the Incentive Program. This will help pay for marketing, pointkeeping, awards, and judging expenses for the finals.

Qualifying shows must report results within 10 days of the event.

Qualifying classes may run in concurrence with similar classes at that event, though it is encouraged to have stand alone classes. Either way, open numerical scoring for enrolled entries will be announced for each qualifying event.

Awards, announcements, and presentations must be given for all qualifying classes at all qualifying shows.

At this point, prize money is not required at qualifying shows. As the program grows, we hope to award prize money in each qualifying event.

Current Qualifying shows - The list will get bigger, and there can be more than one qualifying show going on at a time...contact us if you show would like to hold classes!
